A glorious celebration of God's faithfulness took place on June 11, 2001 when approximately 175 people attended the groundbreaking ceremony which officially kicked off the CCHS building project. Doug Mulder reports, "We are building a school, but more importantly, we are 'building' young lives which will be leaders in his kingdom."

Nichole, Emily and Val join the celebration.

Added Excitement!

Having a newly formed pep band to play at the basketball home games added so much to keeping the crowd's excitement level high.

Members included a great mix of students from Covenant, as well as students and adults who joined as supporters of Covenant.

Men's Basketball

**Coached by
Mr. Vandersluis**

The Men's team gave all they had, squeezing in practices at all hours of the day from early morning to late evening.

Go-Fight-Win-

Adding fun and excitement to the basketball games was Covenants very own cheerleading squad. The cheerleaders were led by coaches Mrs. Williams and Mrs. Best

Junior

Juniors Serve in Kentucky

The Junior class traveled 450 miles to Inez, Kentucky. During their stay they had the opportunity to go out to the "hollers" and work one on one with the people. The students "served" the people by painting houses, constructing a wheel chair ramp, building a room addition and various other tasks.

SERVICE PROJECT

SOPHOMORE SERVICE

Sophomores at Camp Tall Turf

The Sophomore class spent a week in Freemont, Michigan cleaning up and doing repairs at a camp for inner-city youths. The days were spent raking leaves, building bridges, digging a ditch, painting a barn, and hauling concrete. The work was hard, but the blessing flowed.

Working Hard and Having Fun!

FRESHMAN SERVICE

The Freshman service week was a little different from the Sophomores and Juniors. On Monday they went to Jasper County Courthouse to listen to court cases. On Tuesday, they went to the Chicago warehouse to work for the day. Wednesday took them to Crawfordville to see a rotary jail and go to a group of museums. Thursday was spent at Lincoln Park Zoo and the Museum of Science and Industry. Last of all, on Friday the Freshmen went to Valparaiso University to look at its structures and the students art - in all it was a great week full of great experiences.
